Mike Mohutsky

WVC All-Star

Defensive Player of the Year

THE REDEEMER WAY

Our philosophy is to teach the basic skills through a system of organized instruction. As well as addressing the major components of team play, we will always address the value of sportsmanship and maintaining a positive attitude at all times. The HRHS staff is committed to training athletes by providing each player with the opportunity to learn and enhance the fundamentals of volleyball with a mix of good old fashioned fun thrown in.

To augment our High School teams, Holy Redeemer has initiated an elementary intramural program. Royals Volleyball players coached the elementary teams, truly a learning experience all around.

The Camp Will Stress Both Individual and Team Skills

Individual Skills

Hitting Passing
Serving Setting
Blocking

A player usually must excel at all five aspects of the game to earn a position on a team. While they may be on the court to perform one skill more often than another, at any point he/she will need to know all five.

Team Skills

Communication Movement
Defensive Offensive

Teamwork is a benchmark of all great teams. Six people moving at a high rate of speed in a small area requires teamwork. All six must work together to generate the ideal pass, set, hit.

Camp Directors

Robert Wingert
